Helix Electric Launches Company-wide Community Service Initiative

Regional locations will participate in community outreach events throughout the year

April 2, 2015

SAN DIEGO, Cali.– Today leading electrical contractor, Helix Electric, announced the launch of “Helix Gives 2015”, a company-wide community service initiative with the goal of giving back to local communities. Throughout the year regional offices will partner with organizations making positive societal impacts in the area’s Helix lives and builds in. The Helix Gives effort encourages employees to get involved individually and through company supported activities.

Helix Electric staff will support organizations such as Habitat for Humanity, the National Parkinson’s Foundation, Wounded Warrior Project, Ronald McDonald House, Diabetic Youth Families, local homeless shelters, food banks and more.

This year marks Helix Electric’s 30th anniversary as one of the nation’s most prominent electrical contracting and engineering firms.

About Helix Electric

Helix Electric is a privately held corporation with locations nationwide. The company is an award-winning electrical contractor and an industry leader specializing in design-build and highly complex electrical projects throughout the United States for 30 years. Helix Electric’s services encompass all facets of construction including mission critical, data center, medium voltage power distribution, renewable energy, commercial, industrial, mass transit and rail, and high-density residential. Helix Electric delivers high value to clients through consistently providing cutting-edge product innovations. For more information visit: www.helixelectric.com
