

Helix Electric Wins Four ABC San Diego “Excellence in Construction” Awards

November 24, 2014

Associated Builders and Contractors – San Diego awards

SAN DIEGO, Calif.—November 24, 2014—On Friday, November 21st the Associated Builders and Contractors (ABC) – San Diego Chapter honored Helix Electric with four “Excellence in Construction” awards in an annual event hosted at the San Diego Public Library. This achievement represents the highest number of ABC San Diego “Excellence in Construction” awards received by the company in a single year.

ABC San Diego acknowledged Helix Electric for the company’s exceptional work on the Port of Long Beach Pier J STSP Retrofit, San Francisco VA Medical Center Electrical System Upgrade, California Healthcare Facility - Stockton and La Jolla Commons Phase II. In addition to the awards received for these projects, ABC SD also recognized each project’s outstanding field personnel.

According to ABC San Diego, “the Excellence in Construction Awards Program spotlights the quality construction performed by ABC members and celebrates the outstanding success achieved in the industry. Projects built by merit shop contractors who are committed to maintaining high performance standards are central to this national competition. ABC San Diego Chapter contractors of all sizes and specialties are encouraged to submit their best work to be recognized for exceptional innovation and design, technical ability, safety, project management, and quality of construction.”
